CYBEXaltation

The LCX 425T offers runners and walkers all the comfort, security and features they demand while providing an amazingly small footprint and a surprisingly large running surface.

big performance, small space

LCX 425T treadmill

Treadmill Features

Programs

Quick Start, Manual, Heart Rate Control (with user selectable target heart rate), Speed Interval 1, Speed Interval 2, Cardio, Weight Loss, Hill Interval, Rolling Hills, Hills and Pike's Peak. Programs have 10 levels and control both incline and speed.

Graphic Display

Upper display may scan or select between distance, calories, calories/hr, METs, pace, and heart rate. Lower display shows time, incline and speed.

Heart Rate Monitoring

Includes Contact and Polar® capability (chest strap not included). Multi-color heart shaped LED provides color coded feedback of your heart rate.

Intelligent Suspension 3

Our IS3 deck suspension system flexes primarily at the point of impact absorbing shock where it occurs unlike the traditional floating decks which indiscriminately give way and cause instability in a runner's stride.

Engineered for Convenience

At hand convenience with split-level consoles, two water bottle sized holders, magazine rack and tabs and a CD player holder.

Space Saving

A commercial sized running surface in a compact footprint.

Ultra Low Maintenance

Virtually maintenance free, with a whisper quiet operation.

Smooth and Powerful

The 3.0 HP motor with PWM control combines with rugged 2.75" rollers to provide exceptionally smooth operation at all speeds.

Solid and Sleek

Clean, open front design. Solid steel. Vibration free construction.
